EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kelly Hyndman on 09/15/05.

The application has been amended as follows:

Claim 3:

- line 2, changed "the openings of the head" to --the opening of the space of the head case.--
- Cancelled claims 13-21

The following is an examiner's statement of reasons for allowance:

- the primary reason for allowance for claims 1 and 3-12 is the inclusion of a liquid ejecting head comprising an air sealing member disposed between a head case and a head substrate that closes an opening of the space of the head case, wherein the air sealing member is disposed between a sealing end face being opposed to a passage unit side of the head case and the head substrate. It is these limitations, either alone or

combined as claimed, that have not been taught, found, or suggested by prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
